

# “Blowtherm delivers a higher quality finish ... in less time.”

Although there were many reasons why Jeff Atkins, president, Newport Collision in Costa Mesa, CA, chose Blowtherm, here's what you need to know.

- “We wanted drive-through booths with a mixing room in the middle, including all the bells and whistles that Blowtherm can deliver. We included Air Speed / Flash-Off which has increased our production.”
- “These full down-draft Spray Booths are our main workhorse for refinishing parts and vehicles.”
- “Other equipment vendors seemed to be more for their own benefit than ours. Robert Summers, Eurotech Distributors, listened to what we needed and delivered exactly that.”
- “Blowtherm was the best choice. We switched over from another vendor and plan on using Blowtherm for our new locations.”
